ORDER NO.

**SUBJECT:**

DOCKET NO. 2010-252-C – Application of Crexendo Business Solutions, Incorporated for a Certificate of Public Convenience and Necessity to Provide Interexchange and Local Exchange Telecommunications Services and for Alternative Regulation and Flexible Regulations - Discuss this Matter with the Commission.

**COMMISSION ACTION:**

Move that we reject the proposed order in this case, and deny the Certificate, based on the recommendation of the Hearing Examiner. South Carolina Code Ann. Section 58-9-280 (B) (5) states that the Commission may require that provision of the service does not otherwise adversely impact the public interest. In this case, record material furnished by the Applicant shows that the Applicant's parent corporation has run into difficulty in several jurisdictions with allegations of misleading sales practices, resulting in litigation. In the present case, the telephone company has tied itself to the parent corporation that has been accused of the misleading practices. Such actions adversely impact the public interest and the Certificate should be denied.
